Overview

The Large-Format Scanner Built For Professionals.

Now, your workgroup can easily scan large-size documents, hard-bound books and more, all without breaking the bottom line. The affordable WorkForce DS-50000 delivers remarkable scans from business card size up to 11.7" x 17". Scan important oversized documents like drawings or maps, or other odd-sized items. Whatever you scan, this hard-working performer consistently delivers vivid colors and crisp, sharp text thanks to its 4 line CCD sensor (RGB and black). It even makes it easy to dropout selected colors or choose a color and convert it to black. With this versatile performer, you get everything you need for precision, large-format document imaging. Plus, with productivity software included and the optional networking module, each member of your team can access high performance scanning for critical project needs.
