

Production-class ADF scanning SP-1425 Document Scanner

Compact small office scanner with TWAIN and ISIS® support and the versatility of a document feeder + flatbed

The small business scanner that handles it all

- Powers through your documents at up to 50 images per minute (duplex).
- Efficiency built right in, with both Automatic Document Feeder (ADF) and flatbed scanning options
- Supports documents up to 120" long

Clean image processing with PaperStream IP for SP Series

PaperStream IP (PSIP) for SP Series is a TWAIN/ISIS®-compliant driver that cleans up and optimizes scanned images without any advance settings. PSIP features:

- **Auto Color Detection** to automatically identify the best color mode for the document
- **Multi-Image Output** to release images in more than one output format
- **Blank Page Detection** to automatically remove blank pages document gets accurately captured from edge to edge

PaperStream ClickScan simplifies scanning

Easy to use capture software for any business. Simple scanning interface with 3-steps: scan, select destination & save.

PaperStream Capture Lite specializes in routine scanning

The easy-to-understand interface ensures easy operation from start to finish. Routine operations like batch scanning are made quick and easy, so the SP-1425 will fit into your workflow without a lot of software to learn and drivers to configure. Blank page separation makes batch scanning a breeze for operators.

Make it even better with PaperStream Capture Pro

Optional PaperStream Capture Pro software offers superior front-end capture, image processing, and options for enhanced data extraction and indexing for release. Ask your Ricoh representative about a complete scanning solution for your business. PaperStream Capture Pro software sold separately.

Centralized fleet management

Includes Scanner Central Admin to remotely manage your entire fi Series and SP series fleet. Effectively allocate your resources based on scan volume, consumables wear, and more.
